# Makinga benches from pallets around the lake in Tryavna

Place: Tryavna, Bulgaria

Date: 08-06-2024

Budget: 100-200€

Mode: face to face

Target group: The project is for all visitors to the lake and the forest in Tryavna

Collaboration: If there are interested people and sponsors

Goals: The main goal of the project is to make benches and tables around the lake.

Resources: The materials that will be needed are pallets, nails and tools. Also for trash cans - old tires.

Dissemination: I will share my idea in Tryavna Facebook groups

Brief description: Around the forest and the lake in Tryavna there are not many places where you can sit down and rest. For this, my idea is to make benches and tables from pallets. Also, garbage cans can be made from old tires.
